Institutional Effectiveness Requirements by SACS – *Principles of Accreditation*

2.5 The institution engages in ongoing, integrated, and institution-wide research-based planning and evaluation processes that incorporate a systematic review of programs and services that (a) results in continuing improvement, and (b) demonstrates that the institution is effectively accomplishing its mission.
3.3.1 The institution identifies expected outcomes for its educational programs and its administrative and educational support services; assesses whether it achieves these outcomes; and provides evidence of improvement based on analysis of those results.
Assessment Working Group: Compliance Certification

- Identifies pertinent requirements for AWG review;
- Determines what standards of assessment should be reached in order to demonstrate compliance;
- Assesses extent to which these standards are met, unit by unit across the university;
- Where gaps are identified, recommends protocols to be developed and/or followed;
- Develops narrative statement for assessment component of requirement in conjunction with CCT member responsible for that statement;
- Identifies and collects documents supporting assessment component for each relevant statement of compliance.
Assessment Working Group: QEP

- Working with QEP director, develops assessment section of QEP;
- Helps gather data needed to support QEP with respect to section on assessment;
- Offers guidance as requested with any other aspect of the plan that has to do with assessment.
